LINGUISTIC SECURITY INSTITUTE

2026 research engagements, publications & open source

AI systems must be accountable to the communities whose languages they process.

Language is not just data. It is inheritance. The Linguistic Security Institute builds the frameworks, tools and conversations that hold AI to that standard.

SPEAKING ENGAGEMENTS

Jan 24	**Tech Intersections** · Northeastern, Oakland · In person *Bridging the Cybersecurity Gap for Multilingual and Marginalized Communities*	Cybersecurity · Education
Mar 16	**GEO Indigenous Summit** · GEO · Virtual *Who Speaks for the Data? A Linguist's Lens on Listening to Land and Language*	Earth observation · Policy
Apr 4	**BSides San Diego** · San Diego State University · In person *Polyglot Poisoning: Bypassing AI Guardrails via the Linguistic Supply Chain*	Cybersecurity
Oct 9	**YOHAKU Space Global Showcase** · Virtual *Seven Generations in Orbit: A Framework for Responsible Debris Prioritization*	Space · Earth observation · Policy
Oct 11	**GSA Connects 2026** · Denver · In person *Indigenous Data Sovereignty in AI-Driven Earth Observation: A Framework for Equitable Geoscience and Education*	Earth observation · Policy
Oct 16	**Technology for Second Language Learning** · Iowa State · Virtual *To Listen is to Inherit: From Grandmothers to Generative Models*	Language education
Nov 14	**DEATHCon / BSides San Diego** · University of San Diego · Hybrid *Polyglot Poisoning: Hands-On Hunting for Linguistic Attacks in AI*	Cybersecurity

PUBLICATIONS

ACL 2026 · SemEval Task 9 · Jul 3, 2026

NAMAA at SemEval-2026 Task 9: Comparing Generative, Retrieval-Augmented, and Discriminative Methods for Arabic Online Polarization Detection and Type Classification

Second author · error analysis lead across 10+ LLMs

EMNLP 2026 · BAREC @ Arabic NLP · Oct 28, 2026

LSI at BAREC Shared Task 2026: A Controlled Study of Training Convergence, Heuristics, and Ensembles for Arabic Sentence-Level Readability

Solo author · 1st in Constrained Track, 3rd in Open Track

OPEN-SOURCE PROJECTS

Polyglot Poisoning: Linguistic Firewall

Detects multilingual prompt injection and polyglot poisoning in LLM guardrails. Shown at BSides San Diego 2026.

Seven Generations in Orbit

Decision tool for responsible space-debris prioritization, grounded in Lakota principles. Live demo.

Mitote

Text-to-speech prototype with Nahuatl-aware Spanish pronunciation, for Indigenous language preservation.

CLI Linter for Language

Flags hard-coded English and missing dialect support in software projects.
