

LINGUISTIC SECURITY
INSTITUTE

2026 research engagements, publications & open source

AI systems must be accountable to the communities whose languages they process.

Language is not just data. It is inheritance. The Linguistic Security Institute builds the frameworks, tools and conversations that hold AI to that standard.

🌿 SPEAKING ENGAGEMENTS

Jan 24

Tech Intersections · Northeastern, Oakland · In person

Cybersecurity

Education

Bridging the Cybersecurity Gap for Multilingual and Marginalized Communities

Mar 16

GEO Indigenous Summit · GEO · Virtual

Earth observation

Policy

Who Speaks for the Data? A Linguist's Lens on Listening to Land and Language

Apr 4

BSides San Diego · San Diego State University · In person

Cybersecurity

Polyglot Poisoning: Bypassing AI Guardrails via the Linguistic Supply Chain

Oct 9

YOHAKU Space Global Showcase · Virtual

Space

Earth observation

Policy

Seven Generations in Orbit: A Framework for Responsible Debris Prioritization

Oct 11

GSA Connects 2026 · Denver · In person

Earth observation

Policy

Indigenous Data Sovereignty in AI-Driven Earth Observation: A Framework for Equitable Geoscience and Education

Oct 16

Technology for Second Language Learning · Iowa State · Virtual

Language education

To Listen is to Inherit: From Grandmothers to Generative Models

Nov 14

DEATHCon / BSides San Diego · University of San Diego · Hybrid

Cybersecurity

Polyglot Poisoning: Hands-On Hunting for Linguistic Attacks in AI

🌿 PUBLICATIONS

ACL 2026 · SemEval Task 9

Jul 3, 2026

NAMAA at SemEval-2026 Task 9: Comparing Generative, Retrieval-Augmented, and Discriminative Methods for Arabic Online Polarization Detection and Type Classification

Second author · error analysis lead across 10+ LLMs

EMNLP 2026 · BAREC @ ArabicNLP

Oct 28, 2026

LSI at BAREC Shared Task 2026: A Controlled Study of Training Convergence, Heuristics, and Ensembles for Arabic Sentence-Level Readability

Solo author · 1st in Constrained Track, 3rd in Open Track

🌿 OPEN-SOURCE PROJECTS

Linguistic Firewall

Detects multilingual prompt injection and polyglot poisoning in LLM guardrails. Shown at BSides San Diego 2026.

Seven Generations in Orbit

Decision tool for responsible space-debris prioritization, grounded in Lakota principles. Live demo.

Mitote

Text-to-speech prototype with Nahuatl-aware Spanish pronunciation, for Indigenous language preservation.

CLI Linter for Language

Flags hard-coded English and missing dialect support in software projects.
